

There are no words in our vocabulary to express my admiration and gratitude for the high level of professionalism and competence that the Exquisite Smiles team is representing and is continuously proving! I am here to say that the world-class dentistry is shining from the Exquisite Smiles dental office in Oak Park, Illinois! It is a true diamond! This is a place where the art in dentistry meets the science, and where these 2 factors have a common denominator: a heart. You will never feel like a "next one, please! - patient" on a business conveyer belt. The team is not only highly skilled but also warm and compassionate. They will LISTEN to you and will HEAR you. Your case will be meticulously and professionally analyzed. You'll be given diagnosis with a razor-sharp accuracy. The findings will be discussed with you and all questions will be answered. And the best treatment (with the best materials!) will be provided. The doctors will do their utmost to save each and every single tooth before they opt for the extraction. What you pay is a fair investment and you'll have a million in return - a million of a different value that exceeds a value of any money because what you'll receive in return is your health, a peace in your mind and joy in your soul! Small cases or complex - all are addressed with the same top-notch level care.

People who create the Exquisite Smiles team - they are GIANTS in Dentistry - they are true masters, both individually in their specific profession and working in a team!

The Exquisite Smiles is a high-tech equipped train with powerful and well-oiled engine, with the best fuel, best parts and best materials and with a world class service - all run by high level skilled drivers (Doctors!) and highly experienced crew (dental assistants, the office manager, business assistants and dental hygienists). The entire machinery works timely, precisely and in perfect sync.

Do I recommend a trip on this train? Yes, 100%! Hop on board - it will take you where you need to be - no mistaken roads, no wrong stations, no missed destination. You'll be satisfied and you'll keep coming back any time you need to take a trip when great smile and health are your destination.

Here is my story briefly:

My case was very complicated from the very start, I had a car accident that added a lot of drama to the already then-existing issues with my smile. I received first aid (the hospital ER and the maxillofacial specialists).

It was also revealed to me at that time that the treatment ideas that had been suggested to me for the last ~teen years by my previous dentists had not been the best suggestions to follow. I was advised to seek for a good dental specialist not only for the reconstruction of the accident-related situation but for the further general dental care. How do you find the best, honest and not business-only oriented dentist?! It's not an easy task! You search online and you ask friends

for recommendations and you try to listen to your guts. I dialed multiple numbers of different dental offices and I mostly heard the business oriented "cordial" voices on the other end of the phone. Someone recommended me the Exquisite Smiles - I dialed the number and my guts were soothed from the very start. I followed my feelings - it was one of the best decisions in my life!

Dr. Joseph M. Burbick - HE is my hero. I call him Maestro as he DOES deserve a special recognition on the Pantheon of Masters in Dentistry. Long story short - I've been Maestro's patient for many years. I owe him a lot - he dug me out from the debris and wreckage of my dental drama and he placed me back on the surface of the social life where I can function normally again: talk, eat and laugh with other people in full confidence in my smile. Dr. Burbick is retired now but I send him my kudos every single day and every time I look in a mirror. He is a Great Dentist with a wonderful heart!

I grant my highest accolades to Dr. Richard T. Welindt who is yet another Giant on the Pantheon of Masters in Dentistry and yet another Great Dentist with a wonderful heart! I've got a privilege to encounter Dr. Welindt while still being a patient of Dr. Burbick. And Dr. Welindt is the Captain of my dental situation now - I have trust and admiration for his professionalism and competence, the same that I have for Dr. Burbick. I have new challenges occurring in my mouth and in spite of their seriousness I remain calm as I know that all will be taken care of in the best way - the way that ultimately will bring happy results.

Dr. Valerie Levrant joined the team recently. The very fact that Dr. Levrant is in the driver's cab of the

Exquisite Smiles train, together with the other drivers - this indicates that Dr. Levrant is yet another Giant and her professionalism is a warranty that your dental journey will be executed masterly.

The entire team - Jo Ann, Janine, Maryann, Sarah, Mariella, Yacenia, Diane, Kate, Marcia, Kim - you are excellent! Thank You to ALL!

-Tatiana S.
